 & the Evergreen Printmaking Studio

The Evergreen Student Music Project is an annual collaboration between Evergreen students, faculty, interns, staff and alumni, coordinated by Electronic Media. All songs on this record were produced by the Advanced Audio Recording and Production Techniques class. This record is accompanied by 1 of 12 limited edition prints made by students in the Evergreen printmaking studio, as well as a photo collage of many of this years student producers and artists. This collection of student work provides a glimpse into the creativity, talent & dedication of the students at The Evergreen State College.
